Bond Vote To Be Set Today

Commissioners Will Act At Meet

Randall County commissioners meet today at 1:30 p.m. in a called session to set election date on the \$350,000 bond election, according to county judge Wayland Angel.

Probable date is September 17, Angel said.

Bonds are for a proposed south loop around Amarillo and a railroad overpass on Washington Street just south of Amarillo city limits.

First issue in the coming election will be \$225,000 for loop right-of-way and second will be \$125,000 for the railroad overpass right-of-way.

Commissioners were presented the petition for the election at the regular session Monday. At that meeting commissioners decided to appoint a financial advisor and wait until after the election to sell the bonds. One bondsman told the court that they had already saved approximately \$3500 by waiting this long before selling the bonds. All bondsmen agreed that the market will take an upswing in September or October.

Another petition--vetoing the courthouse square parking plan--was presented to the commissioners.

Mrs. W. E. Parker presented the petition reading:

"We, the citizens of Randall County, do petition the honorable judge and commissioners of Randall County not to allow the removal of eight trees, lawn, war memorial monument and founders monument and replace them with 28 parking spaces.

"The memorial monument was inspired by the love and respect for those who gave their lives so that we may have the privilege of voicing our opinion and being respected for doing so.

"We are of the opinion that the 28 parking spaces will not compensate for the loss of the war monument, founders monument, as well as the natural beauty of growing things." Petition was signed by 177 persons.

With Mrs. Parker were Mrs. K. E. Hines and Miss Darthula Walker, retired professor at West Texas State College.

Mrs. Parker told the commissioners that all signers were voluntary and there would have been more signatures had the petition been circulated. She then asked the commissioners what they could expect in the way of paving the courthouse square and Clarence Beckman told her that the petition was a good sign that the people do not want the parking spaces. Frank Phillips then asked if this would mean parking meters for Canyon.

"No, there are plenty of parking spaces without taking out beautiful trees," Mrs. Hines told him.

Beckman said that the city was responsible for any such move and he would have to check with them.

SHARLOTTA Shenk, daughter of Mr. and Mrs. Dillard Shenk of Umlar, was quite interested in the nickel pitch stand. Her "monkey doll" was won at the Lions Club carnival.

Gum Relative Dies Aug. 7

Mrs. L. E. Gum received word August 7 that her cousin, Mrs. Isabella Wood, had died that morning in the hospital at Jefferson City, Missouri.

Birth Certificates Available at City

Parents of children born in Canyon may pick up birth certificates for school enrollment at the city office, according to Bill York, city manager. York said that parents should come in now to avoid a last-minute rush.

200 To Be Graduated Friday WT Ceremony

Dr. Ralph R. Green, director of the Texas Commission on Higher Education, will be speaker at the summer convocation at West Texas State College.

More than 200 persons will be candidates for degrees in the exercises to be held at 8 p. m. tomorrow in new Buffalo Stadium.

In case of inclement weather, the convocation will be held in the auditorium of the Administration Building.

Candidates for degrees will meet at 4 p. m. in the new stadium for rehearsal, Dean Walter H. Juniper said.

While on the WT campus, Dr. Green will evaluate the new West Texas Student Teacher Center Project, a two-year experimental program in student teaching practices established in the fall of 1959.

Dr. Green became director of the Texas commission in 1956 after serving one-year as professor and chairman of the department of economics and finance at Baylor University.

He had previously been financial economist for the Federal Reserve Bank of Dallas.

NOT EXACTLY yelling with joy at the Lions Club carnival was Jeannie Brazil. Jeannie was dropped in the tub of water

after some lucky boy scored a hit on the bulls-eye.

PICKING ANIMALS to feed for the 4-H show can be a job as Jimmy Newton, Bill Miller and Roger Gist Jr. found out recently. They are shown above with their choices made at the David Horn farm northwest of Canyon.

Sheriff Seeking Vandals After Glass-Break Spree

Sheriff's deputies are still seeking vandals that broke out three windshields last Wednesday night.

Cars belonging to S. B. Loudder, Canyon, Jimmy

Carthel, Lockney, and Mrs. J. D. Hitchens of South Texas had windshields shattered or knocked out by ball bearings over one-inch in diameter.

First car found was Loudder's. It was believed at first that the bearing fell from airplane due to the angle of impact but later in the day the other two were found.

Mrs. Ivalee Fowler Now On News Staff

Mrs. Ivalee Fowler has been employed as Canyon News correspondent in McMurtry Acres.

Mrs. Fowler also will handle subscriptions in that area for The News. Her telephone number is FL 6-2941. Anyone wishing to report news to the paper may contact her at that number.

Mrs. Caballero On News Staff

Mrs. Mary Caballero has joined The Canyon News staff as a contributing columnist.

Mrs. Caballero will edit a column to be known as "Keep up with the Arts." The new columnist is a native of Lubbock and a graduate of Amarillo high school.

Her husband, Emilio Caballero, is head of the art department at West Texas State College. Mrs. Caballero's background and experience has made her highly qualified to speak as an authority on most of her subject matter.

The Caballeros have two children, Lou Ann, 16 years old, and Charles, 13.

Car Plunges Into Canyon

An Amarillo man stepped out of his late model automobile seconds before it plunged over an incline at Palo Duro Canyon Wednesday morning and escaped almost certain death.

E. W. Grant bailed out of his car when its engine died. He said the power brakes and power failed. The accident occurred on the third turn at the canyon at the top of a steep hill.

Highway patrolman Gilbert Ray climbed down the precarious slope to the wreckage. He said the car had been panicked.

It tumbled some 300 feet down the incline which dropped about 150 feet in that distance.

Grant was traveling down into the canyon. He suffered minor bruises and abrasions as he rolled on the highway after leaving the car.

Mrs. Sanders Buried Here Sunday, Aug. 14

A long-time Canyon resident was claimed by death Friday afternoon, and memorial services were conducted at 2:30 p.m. Sunday in LaGrone Funeral Chapel.

Mrs. Ernest Victoria Sanders, 79, died at 1:03 p.m. Friday in Thurmon Rest Home in Amarillo, where she had been a patient for five weeks.

Officiating at the funeral services was the Rev. Strauss Atkinson, pastor of the First Baptist Church, and the Rev. A. J. Pettit, pastor of the Assembly of God Church of Canyon, assisted.

Burial was in Dreamland Cemetery.

Pallbearers were C. N. Tip-

per, B. C. Taylor, Joe Grady Crowley, Clarence Eugene Thompson, A. B. Holt, and C. E. Liles.

Born February 18, 1881 in Kentucky, Mrs. Sanders was married to Milton Camp Sanders in Cameron, Illinois, March 4, 1899.

The Sanders family came to Texas in January, 1912, when Mr. Sanders became manager of 27 and one-half sections for the XIT Ranch. Mr. Sanders went to work for the Santa Fe Railroad at Bovina in 1918.

They later moved to Umlar and Friona, before coming to Canyon in September, 1922.

(Continued on page 3)

School Board Adopts Budget, Tax Rate

Proposed budget for the coming school year was approved at a public hearing Tuesday night at the high school.

Present at the meeting at the time of the budget hearing were Jack Haley, school board president, Walter Graham, Bill Sternberg, J. O. Parker and Bob Foster, board members; Lee Foster, school tax assessor-collector; superintendent Joe Gibson, and a Canyon News representative.

The board voted to adopt the budget of \$664,660.00. Tax rate was set at \$1.75 and discounts were continued at 3 percent for September and October payments; 2 percent for November payments; and 1 percent for December payments.

Sealtest will supply the cafeterias with milk during the coming year, it was decided by bids. Half-pints in paper cartons will cost the school 7 cents each. The board also voted to let Cookbook furnish bread for the cafeterias.

The board adopted a food purchase rotation plan among local grocers. Bellah's Market will supply the lunch rooms August 29 through October 28, Buffalo Food Store, October 31 through January 13; Cooper's Market January 16 through March 17; Taylor and Sons, March 20 through May 24.

Gasoline and oil purchases will be made along the following plan:

Gulf-Snyder Oil Company, September, March; Magnolia Petroleum Company, October, April; Cosden Wholesale Distributors, November, May; Phillips Petroleum Company (Brasher), December, Consumer's Fuel Association, January; Randall County Grain, February.

Imperial Chevrolet will furnish the driver's education vehicle for the school this year.

Earlier in the meeting local insurance agents A. L. Crossland, Kermit Pond and

George Blackwell met with the board to discuss an equal division of the school system's insurance.

Crossland made the recommendation that fire and extended coverage should be divided equally.

Crossland said that the pres-

ent division is: Hosea Foster, 50 per cent; Cole and Davis, 26 and one-half per cent; Crossland, 8 per cent; Blackwell, 8 per cent; and Pond, 7 and one-half per cent.

Haley asked the board if they wanted to act and Bill Sternberg and Graham said

that they should wait until all members were present.

Crossland said that they would have to know at the meeting about school buses. Bus insurance is divided along the same plan.

The board voted to wait until all members were present. Crossland told the board that if they didn't know then about the buses it would be another year before an equal division could be made.

"That was the way it will be then," Haley told him.

"We don't want them in that case," Crossland said, speaking for the agents present.

Haley told him that he would inform the other two agents of the change. Haley then said that before December 31 the board would decide one way or the other on an equal division of the fire and extended coverage policy.

The agents left the meeting. At a called meeting August 9 the board accepted resignations from Mrs. Irene Beard, Newton Richardson and Stanley Lair. Elected were Wayne Lowe, Miss Jessie Lee White and Mrs. Grace Knighton. Lowe later decided to teach in Amarillo.

Present at the meeting were Conway Kuykendall, J. O. Parker, W. W. Sternberg, Bob Wear and Walter Graham, board members; superintendent Joe Gibson; and Lee Foster, tax assessor-collector.

Prices on cafeteria meals were upped to 30 and 35 cents for the coming year. This increase was necessary due to the increases in the cost of foodstuff and cafeteria services.

Home, Fire and Marine Insurance Company, represented by Crossland Agency, was chosen to carry the insurance on all boys participating in athletics. Other students may participate in the plan if they so desire.

High School To Change Method Of Registration

Changes in the registration procedure for Canyon High School have been announced by principal J. E. Miller.

Registration for high school students will start Thursday in the old high school in the little gymnasium, Miller said.

Joe A. Gibson, superintendent of schools, explained that registering students in the old high school would give workmen time to finish parking space around the new school.

Departments are being moved into the new school this week. The classrooms are completed, and workers are pushing work on the cafeteria in order to finish it by August 29, when classes start.

Time for registration for seniors was reset at 10 until 12 noon Thursday. Miller said a faculty meeting will be held earlier in the morning and probably would not be over by 9 a. m., the time announced earlier for registration to start.

Juniors will register from 1:30 until 4 Thursday. On Friday, sophomores will register from 9 until 12 and freshmen from 1:30 until 4.

Junior High School students--grades 5, 6, 7, and 8--will register in the junior high gymnasium from 9 until 4 Friday.

Elementary students--grades 1, 2, 3, and 4--will register Friday in the grade school.

Students whose last names start with letters from "N" through "Z" will enroll from 9 until 12 and "A" through "M" from 1 until 4.

Classes will begin August 29, with school buses and the cafeteria operating. High school classes will be held in the new building, even though registration is being held in the old building.

Gibson expects enrollment will be up about 100 students from last year's total of 1,372.

Cigarette Thieves Still Loose

Sheriff's deputies are still seeking thieves that broke into Coopers Market last Tuesday night.

Sheriff L. S. Johnston said that there were several clues that will more than likely lead to the arrest of the guilty persons.

The store was entered through the west front plate glass window after an attempt was made at the back door. They carted off 21 cartons of cigarettes and approximately 27 dollars in change left in the cash registers.

The Canyon News

Founded in 1896, the Canyon News is an independent newspaper dedicated to the best interest of the community, state and nation. Subscription \$3.00 per year in Randall County; \$5.00 per year in outside territory.

FROM THE CANYON RIM

It's a small world. We met Pat Baber recently and the name had a familiar ring. Found out this week that he is a brother of Joe Baber whom we knew about 30 years ago in Hall County.

We met Doctor Nester Tuesday. He's better known to us as the father of Chuck Nester, the Eagle football player.

Here's a good stunt pulled by some youngsters pitching coins at a bowl at the Lions Club Carnival, the object being to get the coin to stay in the bowl and win a prize for the tosser. Some of our ingenious Canyon lads dipped the coins in cotton candy. And once worried about the younger generation being able to take care of itself.

We can't understand why the magazines have suddenly gone on a Mussolini and Hitler jag. We didn't think that either of those madmen were heroic at the time and we do not believe that the passage of time will make them so.

Sharing the spotlight with the late and unlamented European gangsters is Liz Taylor.

If Canyon is to compete from a commercial standpoint with the glittering shopping centers of nearby cities, we must have parking space to accommodate customers. Parking space is to the businessman what irrigation is to the South Plains cotton farmers.

He can produce a little without it but to make it a paying proposition he must have it. Just so we must have adequate parking.

We think that a campaign may be in order in the near future to provide off-square parking facilities for business and county employees and thereby providing more ample parking space for people who come to shop.

The growth of West Texas State College is tied to some

extent to the commercial growth of Canyon. Not a day passes that some youngster does not come by our office seeking part time employment so he can go to college here. Many students simply cannot go to school if they cannot find part-time jobs.

Expansion of Canyon's job opportunities will lead ultimately to more expansion at our college. It all goes back to the old philosophy that a man does not live or die alone.

Right now we're trying to find part-time jobs for two young ladies. One of them is Ann Oberwetter of 136 Cherry Street in Dumas. She has had typing and shorthand.

The other is Mary Sue Taylor of Stratford. She has had some bookkeeping experience.

Surplus To Be Sold By Pantex

Obsolete and salvage property is being offered for sale by Pantex Ordnance Plant, according to an announcement by Lt. Col. Marvin J. Brueidgam, Commanding Officer.

Pantex Ordnance Plant is located 25 miles northeast of Amarillo. Property to be sold may be inspected at the plant August 12-September 7, excepting Saturdays, Sundays, and holidays, from 8:30 a.m. to 3:30 p.m.

Items to be sold are no longer needed by the Federal Government and consist of used and unused miscellaneous items, all of which will be sold to the highest qualifying bidder.

Interested persons may contact Sales Contract Section at DRake 4-1651, extension 249, to schedule inspection and obtain bid forms. Invitations to bid describe items to be sold and contain complete instructions for submitting sealed bids, which will be publicly opened at 2:00 p.m. September 7.

All bids must be received prior to the time and date of opening. Successful bidders will be informed of the results of their bids at the earliest possible date.

Hospital Notes

ADMITTED:

Mrs. Walter E. Finley, Happy, medical.

Mrs. Charles Ray Williams, Canyon, surgical.

Edna Virginia Lewis, Canyon, medical.

Sherry Ann Knowles, Canyon, surgical.

George R. Gazzaway, Happy, medical.

H. R. Stone, Happy, medical.

Tony James Rossi, Canyon, surgical.

Mrs. Sylvan M. Wright, Happy, medical.

Wayne Anthony Friend, Canyon, surgical.

Mrs. Carl T. Wimberly, Dawn, surgical.

John Carroll Payne, Amarillo, surgical.

Mrs. Letha Martha Morris, Canyon, medical.

John Leslie Plank, Amarillo, surgical.

Mrs. John L. Shipley, Canyon, medical.

Catherine Viola Westhoff, Umbarger, surgical.

Patricia Bucholze, Amarillo, surgical.

Mrs. Nathan D. Watson, Canyon, medical.

BIRTHS:

Mr. and Mrs. Robert Earl Rea, Hereford, girl, born August 8.

Mr. and Mrs. Charles A. Brasher, Canyon, girl, born August 11.

Mr. and Mrs. Floyd L. Ford, Jr., Canyon, boy, born August 12.

Mr. and Mrs. Charles A. Seitz, Canyon, girl, born August 13.

Mr. and Mrs. Lawrence Ward, Canyon, girl, born August 14.

AMONG OUR FRIENDS

Visiting in the home of their mother, Mrs. Hattie Brasuel, for the past ten days were Mr. and Mrs. Tom Carnes and children Tommy, George, Susan, and John E. of Calexico, California; Captain and Mrs. James D. Watts and children Pat, Mari, and Sheila of Columbus, Mississippi; Mr. and Mrs. Troy A. Brasuel and children Jerry and Janet of Lubbock; and Mr. and Mrs. V. J. McGee and children Sally and Susie of Amarillo.

Mr. and Mrs. Paul Lentner and daughter, Marjorie of Roswell, New Mexico, visited in the homes of Mrs. Lentner's mother, Mrs. Bertha Rhoads and M. E. and her sister, Mrs. Levi Cole, part of last week.

Mr. and Mrs. Alfred Daniel attended the Greenbelt Game at Childress Saturday.

Dr. and Mrs. Holmes T. Knighton of Richmond, Virginia, visited in the home of his cousin, Tom Knighton, recently. Dr. Knighton was associated with Dr. S. L. Ingham here at one time. He is now a professor in the University of Virginia and is serving this year as President of the International Dental Research Association.

Mrs. Bill Knighton and children, Ellen, Gene, Neal, and Kathy, are visiting her parents in Corsicana. Bill will join them for a few days visit and bring them home Thursday.

Mrs. Harold Jay Prichard

County Court

Mitchell Perkins, Albuquerque, N.M., swindling by worthless check, fined \$50 plus costs.
Gene C. Mathis, Amarillo, swindling by worthless check, fined \$5 plus costs.
Loyle Leonard, Amarillo, swindling by worthless check, fined \$1 plus costs.
Lester E. Castleberry, Amarillo, driving while license suspended, fined \$50 plus costs.

and boys, Larry, Ben, and Frank, are visiting their aunt, Mrs. Otta Lee Elkins, in Lamar, Colorado, this week. Mr. Prichard will join them over the week-end and bring them home on Sunday.

Glenn and Lee Stough are visiting in the homes of relatives C. Petruccione, J. D. Barker and J. D. Singletons. They are nephews of Mrs. Barker and Mrs. Petruccione.

Mr. and Mrs. C. E. Fulton of Malta Bend, Missouri, spent the weekend with relatives in Canyon before going on to Lubbock.

Johnny Wilson of Canyon is reported to be "improving nicely" in Veterans Hospital in Amarillo, where he is a patient, according to his mother, Mrs. P. M. Wilson.

Cannot Give Addresses Says Local Postmaster

Postmaster Marion Higdon this week stressed that postal service regulations prohibit specifically the giving of information about addresses, either current or former, to the general public.

Contrary to individual belief, post offices do not maintain directories of those they serve. The only records of addresses

any post office keeps are the written changes of address submitted by patrons when they move. These are kept for a maximum of two years.

There is however a legitimate and effective means of obtaining a new address. That is by sending a registered or certified letter to a patron at his old address and requesting the new address where delivery is made. This costs a few cents in addition to the postage.

The post office also provides a service for correcting mailing lists used by concerns and persons for the solicitation of business by mail. This is done at the expense of the owners of the lists. If this service is desired, patrons must submit typewritten or printed lists on 3" by 5" cards to the post office which serves the address, one name and address to the card. The owner's name and address must appear in the upper left hand corner of each card. Names to which mail cannot be delivered or forwarded will be crossed off, incorrect house, rural or post office box numbers will not be added. Numbers representing non-existent street addresses will be crossed off.

Minimum charge for each list corrected is one dollar. For lists of more than 20 names or addresses, charge is 5 cents per name or street address. Payments for this service must be made in advance by cash or money order.

Higdon adds, "Don't depend on the post office to give information about either present or former customers, but do depend for help on mailing problems of all kinds by calling OL 5-2507."

WHO AM I

last week was--as many of you guessed--Mrs. Felix (Tommy) Pierce, 1606 Sixth Ave.

It was exciting that many of you called to tell me. I wish I had kept all your names.

However, the first to call was Mrs. Worth Jennings. And incidentally, Tommy, you'd better watch out for her. She has a score to settle with you!

Why DON'T THEY

build a pair of sturdy work shoes for the housewife, with roller-skates that drop from a trap door in the thick soles, to carry her from one end of her rambling house to the other.

Happy Family Flown Back After Wreck

A family from Happy is back home after an ill-fated vacation trip that ended abruptly July 7 in a head-on collision in Memphis, Tenn.

Mr. and Mrs. S. N. Wright, swathed in casts, arrived by plane late last week and finished the trip from Amarillo Air Terminal to Nebraska Hospital in a LaGrone ambulance.

Their daughter, Sue, 7, was flown here earlier.

Two sons, Ed, 12, and Terry, 10, were unhurt in the mishap.

The Wrights were hurt when their car crashed head-on with a loaded gravel truck in Mem-

phis. Mrs. Wright suffered head injuries, dislocation of the hip, rib fractures and a broken arm. She underwent brain surgery in Memphis.

Her husband suffered severe cuts and bruises and a hip injury.

The two boys have been staying with relatives in Happy since making the return trip by train some time ago.

Ranch Tour Scheduled Saturday

Top O'Texas Ranch Tour has been scheduled for Saturday, starting at the J. P. Calliham ranch at Conway, Texas.

Interested persons are invited to join the tour, which will include visits to thirteen ranches in the area.

Those going on the tour are requested to be at the Calliham ranch by 8 a.m. for coffee and doughnuts and a look at the Calliham cattle before departing at 8:30 a.m. on the tour.

Canyon Men Catch Limit

A group of Canyon men fished 30-mile Camp near Creede, Colo., last week end with more than uncommon good luck.

On the trip were Carroll Vaughan, Tom Knightson, Sr., Worth Jennings, Bill Knightson, John McBride and Luther Lawless.

They caught their limit every day, according to Carroll. "We must have eaten 100 fish," he declared.

Dudley Moore Will Head BR League

Officers were elected for the Babe Ruth League in an organizational meeting, held Thursday night in the home of George de Schweinitz.

Dr. Dudley Moore was named president.

Other officers are Jim Cabe, vice-president; T. H. Lair, treasurer; and George de Schweinitz, secretary.

Coaches for the coming year are Eddie Holcomb and Roy Greer, White Sox; Durward Brown and Dick Dawdy, Cardinals; and Earl Crump and D. L. Hunt, Giants. The position of head coach for the pirates has not been filled, but George Stevens will be assistant.

Three Men Attend Dalhart SCS Meet

Three Canyon men attended a soil conservation area meeting in Dalhart last week.

Making the trip were J. W. Spencer, Potter-Randall County Soil board of supervisors chairman; C. V. Conaster, vice-chairman of the board; and Joe Batson, work unit conservationist.

Sports Talk

BY WITT

Fishing is in its August slump with hot weather most everywhere. No stories of big catches or big fish are being brought in.

All lakes in Texas, Oklahoma and New Mexico are near full. Some folks have been going to Colorado to cool off and have had some nice catches of small trout.

Taylor Reservoir and Williams Fork Reservoir have been the better places. Don't put that tackle away though. September at Conchas in New Mexico becomes good for crappie and walleye. Then also, fishing picks up at Lake Lugert at Altus, Okla.

Water skiing is at its best now at Buffalo Lake. The water is warm and we have had hardly any wind for a month. The lake is large enough to give everyone some room.

Try a picnic there some evening. The grass has been mowed and there are very few insects to bother. You will be surprised to find that the water is clear and a very pretty blue green. Take a ride to the upper end of the lake by boat and you will almost believe you are in Florida.

Hunting season is almost here. Dove season opens September 1. It looks like we will have a large crop of them. Better get that shotgun out now and give it a real cleaning.

Remember to buy that new hunting license. Most places will have the 1961 licenses available about August 20. Why not ask that land owner ahead of time about permission to hunt on his property.

MRS. LEE FOSTER plays the organ of the First Presbyterian Church, the same organ she has played for the past 33 years in her official role as church organist.

Mrs. Lee Foster To Begin 34th Year As Presbyterian Organist

When Mrs. Lee Foster seats herself at the organ in the First Presbyterian Church September 4, she will be beginning her 34th year as official church organist.

Mrs. Foster became the church organist the first Sunday in September, 1927.

The organ itself was presented to the church by the late C. R. Burrow, who bought it from the First Presbyterian Church of Amarillo. Mrs. Foster, known to her friends as Margaret, went to the Amarillo church and took lessons from the organist, a Mr. Axtell.

The fact that it was the first organ in Canyon makes Mrs. Foster Canyon's first organist.

She was also the first to play the organ at the First Methodist Church, purchased in 1933, and the rebuilt organ at the First Baptist Church in 1945.

She has worked with eight pastors during her 33-year term.

They are Rev. W. C. Kunze, Rev. F. T. Charlton, Rev. Charles L. Dickey, Rev. Alfred M. Dorsett, Rev. Ben Bolman, Rev. Robert Jones, Rev. T. Winston Wilbanks, and Rev. Donald Price.

Mrs. Foster, who received her B. A. degree in speech from West Texas State in 1954 and her M. A. in 1956, has also worked with many choir directors.

"Never has there been anyone such a joy to work with as the one I'm working with now—Royal Brantley. He develops a worshipful air in his music," she said.

During her 33 years as organist, Mrs. Foster has missed relatively few Sundays. The longest term she was out was a three-month period in 1935, following a car accident near Fort Worth which left her with a broken neck.

When first approached for an interview, Mrs. Foster was somewhat apprehensive.

"I was afraid some of the Presbyterians thought I was getting old and were planning to replace me," she explained. She kept only one activity—the church organ—when she returned to college in 1951.

"I've made many mistakes in my years of playing—some that the congregation could detect, some that only the choir director could detect," Mrs. Foster said.

"My gravest error was one Sunday when, toward the end of the sermon, the preacher said 'Let us turn to Him.' I thought he meant 'hymn' and I jumped on the organ bench."

Mrs. Foster credited the whole-hearted cooperation of her husband Lee and her daughter Sally with permitting her to take part so regularly.

She has played for every form of service and program—funeral, wedding, worship, evangelistic, Christmas, district Parent-Teacher Association meetings, and federated women's clubs.

She was the first official organist of the Joseph A. Hill Chapel by request. The chapel organ was given by Dr. and Mrs. O. H. Lloyd of Vega, and Mrs. Foster played a special two-hour concert for the Lloyds.

Furlow Family Holds Reunion

The Furlow family reunion was held in McKenzie State Park in Lubbock Sunday.

Mr. and Mrs. R. T. Furlow and Donnie Collins of Canyon were among the 55 Furlows and East Texans attending.

Basket lunches were spread at lunch time.

For the past 10 years the Furlows and East Texans have held their reunion on the second Sunday in August at McKenzie Park.

Reception Honors Graduates

Summer graduating students and their families were honored at West Texas State College Wednesday night at a reception given annually by President and Mrs. James P. Cornette.

Guests were greeted from 8 until 10 p. m. at the president's home on the campus. In the receiving line were Dr. and Mrs. Cornette, Dean and Mrs. Walter H. Juniper, and Dean and Mrs. James L. Russell.

Members of the house party included Miss Ruth Cross, Mr. and Mrs. W. Mitchell Jones, Mr. and Mrs. Frank H. Morgan, Dr. and Mrs. Virgil Henson, Dr. and Mrs. A. K. Knott, Dr. and Mrs. Robert C. Busted, Mr. and Mrs. Herschel Coffee, Dr. and Mrs. James B. Roberts, Dr. and Mrs. C. C. Callarman, and Dr. and Mrs. Emmitt Smith.

Introducing guests to the receiving line was Dr. Jack Walker, professor of speech.

Calvary Ends Revival Series

Calvary Baptist Church concluded a series of meetings Sunday.

The revival began as an out-of-doors event, but was forced inside by the rain which came in the middle of the week.

A basket dinner was spread at the church Sunday noon. About fifty persons were present for the dinner.

Rev. Raymond Bowlin, pastor of Avondale Baptist Church, Amarillo, was speaker during the series.

Average attendance for evening services was 80 persons.

Wilsons, Clarks Attend Wedding

Mr. and Mrs. P. M. Wilson and Mr. and Mrs. C. E. Clark attended the wedding of the Wilson's granddaughter and the Clark's niece, Rue Paula Groves, in Stinnett Friday.

Miss Groves, a former student at West Texas State College, married V. J. Duncan, Jr., of Amarillo.

The bride, who taught in the Amarillo school system last year, will teach in Tucson, while her husband works on his master's degree there.

Mr. and Mrs. Ed Watson and son Mike visited Mrs. Watson's parents, Mr. and Mrs. Max Hoffman of Umbarger. After a week they went on to Independence, Missouri, where they attended the Watson reunion. Mrs. Watson is the former Betty Hoffman.

Lou Lester Holds Picnic In Gum Yard

Members of the Lou Lester Club met recently in the back yard of the L. E. Gum home for their annual picnic.

Mrs. Leatha Fullerton was co-hostess.

Attending were Mrs. Olga Phillips, Mrs. Ethel Campfield, Mrs. Katherine Foster, Mrs. Margaret Cole, Mrs. Emma Coleman, Mrs. Marie Hair, Mrs. Gladys Marshall, Mrs. Clara Lou Slack, Mrs. Mattie Gerald, Mrs. Ildagerte Wirt, Mrs. Allene Leake, Mrs. Nina White, and Miss Wilma Hixson.

E. A. Oberst, Sr., returned last week from Durango, Colorado, where he visited his daughter and family and other friends.

BY MARY CABALLERO

There always has to be a first time for everything and since Canyon has been a "cultural" center for many years, I think there must be a wide circle of readers who would be interested in the "Arts."

It has been known for a long time that our area is interested in the arts. Canyon is quite a center for the expressive arts and we feel proud in the numerous opportunities Canyon has to offer. We should let more and more people know and read of the many events going on every year here in our vicinity.

In a recent survey of cultural trends, it has been shown that in a quarter of a century the number of museums serving the American public increased from 600 to about 2,500; the number of public libraries offering books which provide a genuine alternative to the mass media was about 7,500 ten years ago; 405 American colleges and universities have departments of the drama; there are 30 major symphonies performing in this country; the American symphony orchestra league lists a total of 650 professional and semi-professional orchestras exclusive of college groups across the country. None of these, presumably, could exist without broad public participation. Moreover, other figures suggest even more directly the scale of public response. For instance, more than 25,000 high schools produce dramas, as do 2,300 community and civic theatres. These figures take no account of amateur groups of the sort found in social clubs, industrial organizations and the like, which are estimated to run as high as 100,000. Again, it is estimated perhaps too generously, that 8,000,000 Americans have at least experimented with oil painting.

Ralph Colin, trustee, museum of modern art, says that when he was in college met his friends under the clock at the Biltmore, but his children meet their friends at the museum. Colin's impression about the attitudes of college students seemed to be that there has been an explosion of interest in these

cultural disciplines which is almost unmatched in the history of the world. There is now scarcely a reputable institution in the country without a theatre, and students are no longer singing "Here's a Song by the Fire, Pass the Pipe, Pass the Bowl," but are instinctively reaching for better music. Twenty years ago as far as we know, there was not a college library that had a listening studio. Now these are to be found everywhere and they are heavy in use. At one college the students were out three sets of recordings in a single year by repeated listening. Listening to poetry is now at a level that was inconceivable 20 years ago.

One thing the survey did conclude was that the best manifestations of current American cultural activities are of a very high order indeed—that American poetry, novels, painting, music and philosophy are better today than they have ever been in the past, and commands the respect of knowledgeable people everywhere. The survey also indicates that our universities and colleges have reached a very high level in technical achievements such as medicine and engineering, in the development of new fields of study such as area studies and also in the cultivation of the liberal arts. The creative minds in our society are producing works of a high enough quality to enrich the culture of our own people and to contribute to the cultural advance of the modern world.

Canyon has the earmarks of all these good comments and we can surely publicize a little about our accomplishments. This is an invitation, then, for you to send in your suggestions to me about items you wish to read about and share and I will try to build my writing from the desires of the readers. I feel that there are so many topics that could be reached by the requests of the readers' interests. This very good news I will pass on to you, the Canyon News can reproduce paintings and photographs with such ease that we expect to be able to have many types of pictures on our page.

Good Listening For Record

Canyon Families Visit In Oklahoma

Four Canyon families attended the Joe Elliott family reunion, held in Chickasha, Oklahoma, Sunday.

Attending were Mr. and Mrs. Charlie Howard and family, Mr. and Mrs. Shirley Smith and

girls, Mr. and Mrs. Bill Hicks, and Mr. and Mrs. Roy Greer, all of Canyon.

Approximately 55 persons attended the reunion.

CHS Cheer Leaders Attend Dallas Camp

Vicky Weaver and Kay Jarnagin, Canyon High School yell leaders, attended a training school last week.

The cheerleading school was held at Southern Methodist University in Dallas.

Both girls will be juniors in CHS.

Lovers Department: Let me know of those very special records you hear and we will share the news with others. This week I wish to tell you about the new Andre Segovia golden jubilee release. This is brilliant Segovia at his artistic best. The recordings are classical selections composed especially for the master guitarist. It is, in my estimation, a collector's item. The cover design is outstanding and the white and gold brochure accompanying the records, is fascinating reading.

List of Texas competitions open to artist: The 22nd Annual Texas Painting and Sculpture Show Sponsored by Dallas Museum of Fine Arts, Museum of Fine Arts of Houston and the San Antonio Art League. Entry blanks can be obtained from Dallas.

Women's Division, State Fair of Texas, Dallas. Contact Mrs. Leah Jarrett. This is a more general exhibit with a greater number of departments.

43rd Panhandle South Plains Fair Competition, Lubbock. Write Women's division, Mrs. Leon Upshaw, Lubbock.

Amarillo Tri-State Fair, Amarillo. Write Chairman of Art, Amarillo.

Former West Texas State College music teacher, David Kaplan, will be teaching at the University of Saskatchewan, Canada. He will be a specialist in the department of education.

Kaplan has been working on his PhD at the University of Indiana this past year. He was a well-appreciated member of the Amarillo symphony orchestra. Canyon wishes him the best in his new job.

Museum Art News:

For those who haven't visited the art shows at the museum, you still have an opportunity to see the Coppini group showing from San Antonio. The Frank Reaugh collection is still there too. Frank Reaugh is a Dallas artist who captured early day scenes in his painting.

West Texas College may have another first when they form a Shakespearean festival this year . . . more details later.

Art is important because: It provides opportunities to explore, experiment, invent, select, organize, evaluate, and think creatively—all of which are basic to scientific achievement.

It develops self-discipline, resourcefulness, respect for the ideas of others, and a creative approach to the solution of problems—all of which are basic to democratic living.

It stimulates seeing, feeling, remembering, imagining, and creative thinking—all of which are basic to any creative endeavor.

And, to daily existence, it adds fun and gaiety, enjoyment of the visual, richness around us, relaxation of tensions, emotional balance, and the sheer joy of creating—all of which are basic to the complete life.

Music is important because: the very word music is of Greek origin, but we have no way of knowing what the music sounded like. All the information about Greek music come through the writing of philosophers and literary men, together with a few fragments of stone that contain their version of notation. Two of the fragments, A HYMN TO THE SUN and SKOLION OF SEIKILOS, have been reconstructed according to the best musical research and made available in recordings, but even this reconstruction seems to be merely conjecture.

In spite of this music being unlike our own, we owe a great debt to it. Their concern for proportion and mathematical exactness led the Greeks to develop the diatonic scale which is the basis of our modern scale system. Their conclusions were based on observations of the length of strings and number of oscillations for each note. Our modern science of acoustics is founded on these scientific inquiries into the nature of sound.

Another very important musical concept which came from the Greeks is their doctrine of ethos. The Greeks held the notion that certain modes, or scales, possessed moral and ethical values in terms of the emotional response of the listeners. Music had a very definite influence on character, and according to their writers the will could be influenced by music in at least three ways. Music could spur to action; it could lead to the strengthening of the whole being, just as it could undermine mental and spiritual balance; it could suspend completely the normal will power, so as to render the person unconscious of his acts. This doctrine explains the important role music played in their system of education and government. Plato in the REPUBLIC AND THE LAWS, assigns a vital role to the type of music that could be used in education. We still hold to these basic theories, although we do not give this power to scales but to certain combinations of melody, rhythm, harmony, and tone color. Modern science is demonstrating that the values given to music by the Greeks do exist in some measure. Medical men are turning to music as a therapeutic agent in relief of pain, lessening of fatigue, and preserving mental health. Our modern industrialist is recognizing the value of music in industry as a means of combating fatigue and consequently, as a means to greater production.

Wold and Cykler

Drama is important because:

Drama is a story told in dialogue by people who impersonate the characters. Either prose or verse is used. The theater presents a story told in dialogue and acted out on the stage; usually it employs also scenery, costumes, furniture, lighting, and at times music. Ideally the various mediums are combined with just the right emphasis on each to make clear the idea in the mind of the artist. One of the major problems of the artist is the decision as to which of his mediums he will stress at any particular time. The possibilities in each medium are almost limitless. In many of the great periods of the theater the setting has been of very little importance. The play is drama; it becomes theater when it is acted. The theater has played an important role in man's better understanding of his own world and it will continue to be a creative effort to help others around him understand the beauty and inspiration that go into putting one's feelings into his work.

This is the first instalment of a column about the arts that can grow in many directions. I can use my reader's help in securing news of all kind that should be mentioned in "keeping up with the arts." The boundaries are limitless and the variety of material endless.

Call Mary Caballero, phone OL-5-3097 or mail your news items to Box 96 Station 1, Canyon.

Art oddity for the week:

An English library had an odd idea about the public interests. They had an exhibition of books that were mutilated, defaced, scribbled on, eaten by dogs and said to have attracted more people than ordinary shelves of books carved up by critics.

DOUBLE GUNN BROS. STAMPS TUESDAY

Weddings Dominate Social Scene

ITEMS OF INTEREST TO Women

MRS. ARTHUR MELVIN CUNNINGHAM
(Photo by Taylor and Glamourcraft)

MRS. ELMER CLEMENT
(Photo by Palo Duro Studios)

Joyce Guynes, Cunningham Wed

Miss Joyce Ann Guynes of Fort Worth became the bride of Arthur Melvin Cunningham, Jr., in a double ring ceremony at 8 p. m. Saturday in the Wichita Street Baptist Church of Fort Worth.

The bride is the daughter of Mrs. Roger V. Lewis of Fort Worth, and the bridegroom is the son of Mr. and Mrs. Arthur Melvin Cunningham, Sr., of Canyon.

John Perry of Abilene, brother-in-law of the bridegroom, sang "O Promise Me," "I Love Thee," and "The Wedding Prayer." Traditional processional and recessional music was used.

Rev. Tom S. Brandon, pastor, officiated. Candelighters were Miss Sandra Guynes, sister of the bride, and Miss Janice Watkins, Donna Cleire of Fort Worth was flower girl, and Ronnie Gargio of Fort Worth was ring bearer.

Miss Phyllis Jefferies of Littlefield was maid-of-honor, and Mrs. C. G. Carver of Fort Worth was matron-of-honor. Bridesmaids were Miss Dorothy Bailey of Abilene, Miss Carole Johnson of Fort Worth, and Miss Glenda Clure of Fort Worth.

The attendants were attired in ballerina length dresses of taffeta, styled with a fitted bodice, scooped neckline, and pleated cummerbunds that topped the full skirt.

Billy Cunningham of Canyon, brother of the bridegroom, was best man. Groomsmen were John E. George of Lubbock, brother-in-law of the bridegroom, Robert Howell of San Antonio, Joe Arden of Abilene, and Bob Howell of Perryton.

The bride, who was given in marriage by her stepfather, Roger V. Lewis, wore a formal length gown of tissue taffeta, princess style. The scalloped neckline of the fitted bodice was delicately edged with Alencon lace applique. A full skirt, enhanced with side fullness caught in back with a taffeta bow, flowed gracefully to a full chapel train. Medallions of Alencon lace were scattered over the skirt. Long sleeves came to a point over the band.

The bride's bouquet was an arrangement of white roses on a white ribbon.

Mrs. Lewis, mother of the bride, chose a "candlelight"

lace dress with brown accessories and a corsage of butterfly gardenias, and Mrs. Cunningham, mother of the bridegroom, wore a rose beige lace dress with white accessories and a butterfly corsage.

A reception was held in the church parlor where a large number of friends and relatives gathered to honor the couple.

For the wedding trip to New Orleans, the bride chose a deep rose suit and black accessories. The bride is a 1960 graduate of Hardin-Simmons University, where she was a Reserve Officers' Training Corps sponsor, Circle K Sweetheart, and a member of the Cowgirls. She is a graduate of a Fort Worth High School.

Also a graduate of HSU, the bridegroom was president of the student association, a member of "Who's Who," and a member of the varsity basketball team. He is a 1956 graduate of Canyon High School.

The rehearsal dinner was given in the home of the bride's aunt following the 7 p. m. rehearsal Friday at the church.

On August 6 from 7:30 to 9:30 a shower honoring Miss Guynes was held in the home of Mrs. J. C. Newton. Gifts from friends were displayed.

Besides Mrs. Newton, others who helped with the shower were Mrs. T. H. Knighton, Mrs. Claude Moore, Mrs. George D. Moore, Mrs. Crews Henry, Mrs. Hugh Greiner, and Mrs. L. K. Bolton.

The bride's chosen colors of pink and rose were carried throughout the rooms. A beautiful arrangement of pink roses and crystal candelabra served as the table centerpiece.

Miss Nita Newton and Mrs. John George presided at the guest book, which was a musical bride's book.

Miss Barbara Bacon and Mrs. Bobby Phillips, classmates of the bridegroom, served punch from the crystal service. Dainty sandwiches were also served.

The table was laid with a white linen cutwork cloth.

The hostess's gift was a blanket.

Miss Guynes wore a black eyelet linen dress and was presented a pink and rose corsage of carnations by the hostess. Mrs. Cunningham wore a black nylon lace dress and a corsage of pink carnations, also from the hostess.

Vows Solemnized For Weeks, Clement

Miss Mary Johnette Weeks, daughter of Mr. and Mrs. Ed Weeks, Canyon, became the bride of Elmer Clement, son of Mr. and Mrs. T. J. Clement, also of Canyon, at 5 p. m. August 14.

Bob Wear, minister of the Central Church of Christ, officiated at the double ring ceremony, held in the Joseph A. Hill Chapel on the West Texas State College campus.

Mrs. Meade Humphries, organist, played traditional wedding selections before and during the ceremony. Miss Joy Gray, vocalist, sang "You'll Never Walk Alone," "Because," and "Always."

Pews were marked with large white pom-pom mums and emerald palm caught with white satin cord and leaves. The aisle was laid with a white satin cloth.

Mr. Weeks escorted his daughter down the aisle to the nuptial setting where vows were exchanged before an improvised altar with a background of emerald foliage interspersed with large white pom-pom mums and centered with large wedding bells. Spiral candelabra holding white spiral tapers entwined with plumosa fern and ropes of white satin ribbon flanked the setting.

The bride chose a gown of embroidered nylon Schiffli tulle with a Sabrina neckline and short shirred sleeves of embroidered lace. The four tiered skirt of embroidered lace ruffles alternated with lace ruffles of illusion swept into a chapel train.

Her mitts were of nylon tulle. The headpiece, being a demitcap of Chantilly lace trimmed with seed pearls and sequins accented with a cultured pearl droplet, held the fingertip of imported silk illusion.

She carried a cascade arrangement of white pom-pom mums trimmed with white velvet leaves, gathered Maline-wired satin cord shaped to resemble a heart, and centered with a white orchid showered with tiny pekae streamers.

Matron-of-honor was Mrs. Billy Charles Mayfield, the bride's sister-in-law. Bride's matron was Mrs. Jack Metcalf, sister of the bridegroom. Bridesmaids were Miss Regina Cato of Quanah, and Miss Janice Sue Weeks of Mineral Wells, a cousin of the bride. The candles were lit by Miss Martha Hines of Quanah, cousin of the bride, and Jackie Don Clement of Amarillo, a nephew of the bridegroom.

The attendants wore identical ballerina frocks of light blue organza. The soft cowl neckline was joined to short shirred sleeves. Their headpieces were covered with circles of light blue tulle clipped to a bow of light blue organza. Their mitts were of light blue organza.

The headpieces and mitts were created by Miss Cato. The attendants' bouquets were creations of white pom-pom mums and white satin leaves held by white satin cord to an open faced satin heart with ribbon streamers.

Zeke Clement of Canyon served his brother as best man. Groomsmen were Calvin Costley, Carroll Stafford, and Ross Bond, all of Canyon. Ushers were Billy Charles Mayfield, brother of the bride, and Jack Metcalf, brother-in-law of the bridegroom, both of Canyon.

Mrs. Weeks, mother of the bride, chose a dress of beige imported Douploni silk fashioned along the sheath lines with a scalloped neckline. Her ensemble was completed with matching accessories and a

corsage of white gladiolus.

Mrs. Clement, mother of the bridegroom, selected a dress of turquoise lace over taffeta, fashioned along the sheath line, with matching accessories and a corsage of white gladiolus.

Following the ceremony the couple, assisted by their parents, received the wedding guests in the parlor of Cousins Hall.

The focal point of the table was the three tier wedding cake, decorated in the bride's chosen colors of white, blue, and silver, placed at the end of the table, which was draped with blue net over the floor-length folds of white bridal satin. The attendants' bouquets formed an appropriate floral arrangement in the center of the table.

Punch was ladled from one end of the table by Mrs. Tom Crumpton of Quanah, aunt of the bride. Mrs. Poe Berry of Plainview, cousin of the bride, served the wedding cake.

Miss Virginia Leake of Canyon furnished appropriate background music. Mrs. Jack Clement of Amarillo, sister-in-law of the bridegroom registered the guests.

For a wedding trip to Houston and the Gulf Coast area, the bride chose to travel in a two-piece beige linen ensemble accented with bone accessories and a white orchid corsage taken from the bridal bouquet.

Mrs. Clement was graduated from Canyon High School and attended West Texas State College, where she was a member of Beta Sigma Phi sorority, Gamma Theta Upsilon, and the Woman's Physical Education Majors Club. She was associated with the Quanah Public School system this past school year, where she was head of the girls' p.e. department and the girls' coach.

Mr. Clement was also graduated from Canyon High School and attended West Texas State, where he was a member of the Buffalo football team before entering the armed forces. He is presently employed by North Texas Producers Association, Amarillo.

SOCIETY NOTES

BY ANNELLE DUGAN
Did you ever see so many weddings? And more to come next week.

Thanks for calling in or bringing in items of interest. The more stories that you tell us about, the more everyone will enjoy reading the paper.

Canyon is a town with much society news, and we have barely skimmed the surface. There are many items of interest that we have not touched, but I hope that we will be able to as we expand our coverage.

Offset printing has tremendous possibilities in the field of pictures and illustration, as you have probably noticed.

Because of this advantage in art work, we will be able to use far more pictures than were used in the past.

Thanks also for the fine words about the new paper, its content and appearance. The entire staff appreciates your kindness.

Tuggle, Hall Vows Read

Miss Sandra Tuggle and Don Hall of Amarillo were united in marriage August 1 in the Summit Four-Square Gospel Church in Amarillo.

Sandra is the daughter of Mr. and Mrs. Buddie Tuggle of Wayside. The bridegroom is the son of Mr. and Mrs. George Hall of Amarillo.

Rev. W. B. Cochran officiated at the double ring ceremony. Miss Loraine Newson was maid-of-honor. She was attired in a light blue dress of eyelet embroidery over net and taffeta and a corsage of white roses.

Wayne Phillips of Clarendon was best man.

The bride wore a champagne dress of Chantilly lace over net and taffeta with brown accessories. She carried a bouquet of white roses.

Jape, Busted Plan Wedding

Mr. and Mrs. Edward Jape, Menasha, Wisconsin, have announced the engagement of their daughter, Joan Frances, to Robert L. Busted, son of Mr. and Mrs. Robert L. Busted of Canyon.

Miss Jape is a Menasha High graduate and was employed by the Twin City Savings and Loan Association in Neenah, Wisconsin. Her fiancé is a physical education teacher at Sam Houston school in Amarillo.

August 27 has been selected for the wedding at St. John's Catholic Church at Menasha.

ACS Hears Year's Work Discussed

Officers and committee chairman of the Randall County Unit of the American Cancer Society met recently to plan for the year's work.

Tom Williams of Amarillo, district field representative, outlined the organization's objectives for the year and presented facts about cancer.

Williams told the group that about 265,000 Americans will die of cancer if present rates are not checked. Of these deaths, an estimated 11,000 will be Texans, and 22 will live in Randall County.

Of all the Americans who die of cancer today, the deaths of one-fourth might have been prevented if proper treatment were begun in time, he said.

Williams continued that cancer will strike in approximately two of three American families. It can strike anyone at any time.

The speaker said an estimated 1,000,000 Americans alive today at one time had cancer.

Present were Charles E. Wright, county unit chairman; Mrs. John L. Hammond, secretary; James Cole, treasurer; Mrs. Thorton Dewey, campaign; Mrs. R. A. Neblett, service; Dr. Letta Boswell, medical; Mrs. R. B. Gist, Jr., and Dr. J. B. Roberts, education; and Dr. Ruth Lowes, publicity.

The American Cancer Society is a voluntary organization. Anyone interested in knowing more about the program or in helping in any way may contact Wright or any of the committee chairmen.

Mr. and Mrs. Luther Akin of Happy visited Sunday evening

Around The Town

Mrs. Clara Long and son Bill left for Wichita Falls Tuesday. They will visit Mrs. Long's mother, Mrs. J. C. Brown, who is ill. Mrs. Long's brother and family, Mr. and Mrs. J. D. Brown of San Diego, California, and her sister, Mrs. E. G. Chatterton, will also be there.

Mrs. Jettie Bond has returned from visiting her mother, Mrs. W. D. House, at Bogata, Texas. She was accompanied by Douglas, Ross, and Dina Kay Bond, and Mayla Atkinson. Others from Canyon attending the reunion were Mrs. M. F. Abbott and Mr. and Mrs. Carl House and family.

Mr. and Mrs. Loyce Knox and Roxie vacationed in New Mexico and Colorado last week. They went sightseeing in Cimarron and Red River and visited Mr. and Mrs. Douglas Black at Del Norte, Colorado.

Patsy Knox is visiting Roxie Knox this week.

Mrs. Viola Russell and her two grandsons, Mike and Jim McBroom, visited the Dale Russell family in Santa Fe last week. Scott and Connie Russell returned to Canyon with them.

Visiting in the home of Mr. and Mrs. Ernest Ramm of Lariat last Thursday were Mrs. I. L. Bauer and Junell, Mrs. G. H. Leseberg, Mrs. Lee Roy Bauer, Ricky and Cheryl, all of Canyon, Miss Charlotte Sanders of Borger, and Sgt. Martha Jean McBroom of Happy.

Mr. and Mrs. Luther Akin of Happy visited Sunday evening

Pioneers

Change Date

The date and place of the Social Pioneers picnic has been changed.

It will be held August 25 at 6:30 in the home of Mr. and Mrs. W. T. Davis, 2010 Ninth Avenue.

Each member is to bring a covered dish and silverware for the family. Plates and cups will be furnished. Those that have folding chairs are requested to bring them.

SUMMER PROJECTS for Nancy Bretling, left, and Linda Phillips included making the sport outfits they are modeling and making ice cream stick purses. The two girls, who will be juniors at Canyon High this fall, made the projects as part of their Future Homemakers of America activities. (Photo by Britain's Studio).

FHA Girls Complete Projects

Summer projects have been popular experiences for 65 students of the Canyon High School homemaking department, according to Mrs. Clara B. Long, homemaking teacher.

Mrs. Long, along with Mrs. Guylene Stover, guides and evaluates the summer projects as part of the girls' FHA activities.

Each girl must complete 120 hours in actual experience in the house in some phase of homemaking.

Before she can receive one-half credit on the project, each girl must make plans, set up goals to attain, and write the experience up. The girl's mother must also write an evaluation of the activity.

Fields included are child care, consumer buying, family and social relationships, health

and safety, home improvement, home management, home and personal finance, laundering, personal care and improvement, food for the family, and construction of clothing.

Mothers have reported the summer project is a profitable experience for them also, Mrs. Long said.

Girls participating in the program are Rita Barnes, Patricia Barnes, Judy Bourland, Jeannie Brazil, Linda Brown, Lou Ann Cabellero, Dorothy Crain, Sharon Cranmer, Gayle Edes, Sharon Franklin, Janet Gerald, Joy Harter, Georgi Haloway.

Mary Howard, Bette Hugg, Sue Huyck, Shirley Irlbeck, Noaleen Jordan, Francis Kiker, Elaine Kiser, Lynne Larson, Marva McBroom, Carolyn Millham, Sue Moore, Sidney Oldham, Patsy Robinson, Myrtle Sherer, Sally Sproggins, Sally Tipperly, Marva Tremble, Larretta Tucek, Francis Williams, Judy Wilson.

Pat Cogswell, Barbara Banks, Wanda Bourn, Nancy Bretling, Karen Brewster, Marie Dowlen, Barbara Ann Erwin, Jean Fielden, Sue Franks, Phyllis Friemel, Linda Gazaway, Phyllis Gerdson, Betty Gouge, Bambi Green, Marion Henson, Kathy Hinger.

Kay Jarnigan, Harolena Laddenhoff, Cheryl McClure, Dolores Miller, Gail Moore, Linda Phillips, Sarah Ragle, Beverly Richards, Pamela Richard, Judith Roberts, Mary Scruggs, Lynda Troth, Ann Warwick, Vicki Weaver, Lee Ruth Wiggins, and Judy Wilson.

Mr. and Mrs. Clarence Eugene Thompson and children spent several days recently vacationing at Red River, Santa Fe, and Taos, New Mexico.

MRS. KEN ELLISON KUYKENDALL

(Photo by Palo Duro Studios)

Virginia McGee Weds Ken Ellison Kuykendall

The First Baptist Church of Skellytown was the site of the double ring ceremony uniting Miss Virginia Ray McGee, and Ken Ellison Kuykendall. Rev. J. C. Willett, pastor of the Presbyterian Church at Happy, read the nuptial vows at 8 p.m. Saturday.

Parents of the couple are Mr. and Mrs. B. H. McGee of Skellytown and Mr. and Mrs. Conway Kuykendall of Happy. Miss Christine McFarlin of Dumas sang "O Promise Me," "Whither Thou Goest," and "The Lord's Prayer." She was accompanied by Miss Regina Baker of Skellytown, who also played traditional pre-nuptial music.

The altar was decorated with two large baskets of white gladioli. Four candelabra and palms completed the setting.

Bridesmaids were Kay Kuykendall, sister of the bridegroom, Marilyn Ray of Canyon, and Janis Dunnam of Lefors. Janice Hawkins of Shawnee, Oklahoma, cousin of the bride, was maid-of-honor.

The attendants wore varying shades of blue. Their dresses were styled with lace bodices and chiffon skirts over taffeta, and they chose white accessories.

All carried a single American Beauty rose. Ramona Giesler of Skellytown was flower girl and Carey Don Howard of White Deer was page.

Candlelighters were Raymond McGee, brother of the bride, and Lou Howard of White Deer. Robert Don Ray of Canyon was best man.

Groomsmen were Tommy McGee, brother of the bride, Joe

Britt of Canyon and Chris Kuykendall, brother of the bridegroom. Sharing the ushering duties were Beuford McGee, brother of the bride, Ronny Johnson, cousin of the bridegroom, and Bill Partridge of Amarillo.

The bride was given in marriage by her father. She wore a gown of silk peau de soie featuring a lace bodice with a sash and sequins and seed pearls. The long sleeves tapered to a point over the hands. The full skirt of silk was applied with lace medallions that were also trimmed in sequins and pearls. A small chapel train completed the gown.

A queen's crown of pearl flowers held a fingertip veil of illusion. Mrs. Kuykendall carried an arrangement of white roses atop a white Bible.

The bride's mother wore a champagne lace dress with white accessories, and the bridegroom's mother wore a blue embroidered linen with white accessories.

A reception followed in the church parlor. Carolyn McGee and Dena McGee, cousins of the bride, served cake and punch.

For the wedding trip to points of interest in Colorado and New Mexico, the bride chose a blue silk blend suit with white accessories.

The couple will make their home in Dallas. Mrs. Kuykendall, a graduate of White Deer High School, is presently a junior elementary education major at West Texas State College, where she was active in Zeta Tau Alpha social sorority and the Baptist Student Union. She plans to continue her education at North Texas State College in Denton.

The bridegroom is a graduate of Canyon High School and West Texas State College. He is presently a sophomore at Southwestern Medical School in Dallas, where he is a member of Phi Rho Sigma Medical fraternity.

THOMPSON'S OF CANYON

Albracht, Skarke Wed Before Nuptial Mass

Preceding a nuptial High Mass at St. Mary's Catholic Church, Shirley Jeanette Albracht, daughter of Mr. and Mrs. Math Albracht, became the bride of James Leroy Skarke with the Very Rt. Rev. Monsignor W. F. Bosen officiating.

The wedding processional and recessional by Carlo Rossini was played by Mrs. Fred Begert. High Mass was sung by St. Mary's senior choir, and "Ave Maria" was sung at the offertory.

"Mother At Your Feet Is Kneeling" was played while statues of the Blessed Mother and Saint Joseph, a gift from the Children of Mary Sodality, were presented to the bride and bridegroom by Elsie Buecker and Bob Weick.

Arrangements of white gladioli decorated the high altar and side altars.

Bob Skarke, brother of the bridegroom, was best man. Groomsmen were Joe Albracht, brother of the bride, and Melvin Prizilas.

The maid of honor was Miss Mary Buecker and bridesmaids were Peggy Albracht, Judy Rossini, and Regina Gerber. They wore identical dresses of blue silk organza over taffeta, trimmed with blue velvet ribbon and sequins with matching hats. They carried bouquets of white daisies with blue satin streamers.

Darlene Gerber, niece of the bridegroom was flower girl, and Gary Gerber, nephew, was ring-

bearer. Given in marriage by her father, the bride was attired in a floor length dress of embroidered silk organza over taffeta, with a rose petal overskirt of white taffeta. A two-tiered illusion veil was held in place with a beaded crown of leaf petals. Her bouquet was white roses with white satin streamers.

Mother of the bride wore an aqua silk dress with beige accessories, while the mother of the bridegroom wore a figured cotton with matching nylon overskirt. Her accessories were golden and beige.

Following the ceremony, the bridal party was honored at a wedding dinner.

Reception and dance were in the parish hall.

Antependia Displayed To Altar Society

New antependia for the altars of St. Mary's Catholic Church of Umbarger were exhibited when St. Mary's Altar Society met recently in the basement of the church.

Monsignor W. F. Bosen displayed the hand-made antependia imported from Italy. The altar society donated the money for the one for the high altar.

In other business, Mrs. Earl Burtz and Mrs. Morris Abbott demonstrated how to make artificial flowers.

Miss Helen Ullrich has donated a beautiful hand painted picture of the Sacred Heart. It will be given away August 28 at the Knights of Columbus picnic. It will be on display in Umbarger Mercantile Store. In charge of the project will be Mrs. Martin Devers and Mrs. John Dorsey, co-chairman.

Communion breakfast will be August 22, Mrs. Albert Fischbacher, Sr., is chairman, and Mrs. Alouis Friemel is co-chairman.

Hostesses for the meeting were Mrs. Ted Irlbeck, Mrs. W. P. Janssen, and Mrs. Ben Koch. Mrs. Leonard Batenhorst, the president, was in charge of the meeting. All other officers were present, with 18 members attending.

Garden Club Hears Black

Roland Black was guest speaker when the Canyon Garden Club met Thursday night with Mrs. Mark Foster.

Black discussed proposed plans to make more parking space around the courthouse square.

Each member brought floral arrangements, and prizes were awarded. First went to Mrs. Bill Downing, second to T. A. Black, and third to Dr. Leta Boswell.

Mrs. T. A. Black gave a review will talk on "Conducting a Flower Show" at the next meeting, to be held September

Creative Hobby Display Climaxes Summer Class

THIS STONE CARVING of volcanic rock was done by Mrs. Fred Johnson of Amarillo. The wife of Dr. Johnson is working on her master's degree in art.

CHARLES HODGES of Canyon wields the potter's wheel to shape clay pottery. Hodges is studying to teach industrial art in secondary schools.

A showing of work done by WTSC art students during summer school will be held today (Thursday) at the Fine Arts Building on the campus. To be held in the lobby of the building, the showing will begin at 9 a.m. and close at 5 p.m.

Displays will include work done by individual problems course students, creative hobby students, and other art department students.

Members of creative hobby classes have experimented in various fields of creative activities. Some pupils have made sand paintings—made by impressing designs on wet sand, which is then covered with plaster of Paris. The result is often mounted and used as a wall hanging.

Other students have made jewelry, pottery, mosaic tile tables, paintings, and pictures made with nails. Other projects in the class have included weaving, plaster of Paris sculpturing, volcanic stone carving, wood carving, and glass work.

Dr. Emilio Caballero, head of WTSC art department, has directed activities during the past six weeks of summer school.

The public is invited to view the showing.

MRS. L. F. ETHEREDGE of Canadian hopes to complete this seed mosaic to be used as a wall hanging before summer school is out Friday. In the marine picture are split peas, lima beans, squash seed, sunflower seed, lentils, milo, dyed rice, sudan, wheat, and okra seed. Mrs. Etheredge is taking the crafts course while working on her bachelor of science in education. With Mrs. Etheredge is Dr. Emilio Caballero, head of the art department at WTSC.

Methodists Attend Camp

Several people from Canyon's First Methodist Church attended a family retreat Saturday and Sunday at Ceta Canyon. The retreat is an annual event of churches in the Amarillo area.

Worship, recreation, and fellowship were features of the retreat.

Those from Canyon who attended were Mr. and Mrs. Art Roberts and Misses Rozelle and Lanelle Marcy.

Boys Ranch Rodeo To Be Sept. 4-5

Sixteenth annual Boys Ranch Rodeo will be held September 4-5 at the ranch.

Only Boys Ranchers will participate in the riding and special events in the two-day rodeo. Through a series of elimination contests, the top eighty rider will be selected to compete for the points and prizes to be awarded under R. C. A. rules.

Each performance will start at 2:30 p.m.

Featured at both performances will be the military band from Amarillo Air Force Base, representatives of various riding clubs throughout the Panhandle, and special surprise attractions.

Boys from 8 to 18 will ride in calf, steer, Junior and Senior bull and bronc busting competition; clowns and special attraction participants will be Boys Ranchers, and hundreds of behind-the-scenes activities will be handled by the boys themselves.

Admission prices will be 75 cents for children, \$1.50 for adults, and \$2.00 for reserved section. Proceeds from the rodeo will go to help the Boys Ranch expansion program.

One thousand more seats are being installed to accommodate the expected record-breaking attendance.

A foolish idea a day keeps the mind working, at least.

TELEPHONE TALK

by Al Leach, Manager

How Many Calls A Day In Canyon?

"What is the average number of calls made in a day in Canyon? This is a question I often hear, so I decided to look up the answer.

Every day an average of 11,000 calls are made here. That's about 4 calls per phone.

And every day people find new ways to get more value from the phone. Only recently I heard of a fisherman who says he uses his phone as an "alarm clock."

"I like to fish but I have a hard time getting up real early in the morning," he says. "So I have one of the guys phone me when he gets up. That way I can't turn off the 'alarm' and go back to sleep. I haven't been late or missed a trip since my friends started waking me up by phone."

Here's another case I heard of that shows the value of the telephone, day in and day out. One mother, after keeping a record of her calls for a week, figured that her two phones saved her family about three hours a day. "That's the time we would have spent just driving for errands and personal visits," she says.

As these stories show, the more you use your phone, the more value you get from it. So why not use it for all it's worth!

Free Programs For Your Group

Since some Canyon civic, church and social groups already are planning fall programs, this seems like a good time to remind you of our standing offer to provide entertaining and informative telephone programs for your organization.

A booklet describing the variety of programs available—films, talks, lecture-demonstrations, telephone tours—is yours for the asking. Just call the telephone business office, OL 5-2151.

How To Call Long Distance And Save 1/3

It's so easy to save yourself a lot of money. How? By placing your Long Distance calls station-to-station (to a distant number rather than to a particular person). Here's the way to do it:

1. Give the operator the name of the city you want to call.
2. Next, tell her the number you are calling.
3. WHEN THE OPERATOR ASKS, give her the number you are calling from.

Why not try it tonight? Remember, rates are lower after 6 p. m. and all day Sunday.

Call by number... it's twice as fast

SOUTHWESTERN BELL TELEPHONE COMPANY

AMARILLO ART teacher, Mrs. Weedon Echols, has been working with jewelry this semester of summer school. She even made the chain of this necklace.

Rotary Club Boy Scouts Meets With

Rotary club members met Tuesday night of last week at Camp Don Harrington northeast of Canyon.

Camp personnel spoke to the club on the camp's facilities, future plans, and the expansion program.

The group had supper in the camp's mess hall, and were taken on tours of the grounds by Boy Scouts attending the camp.

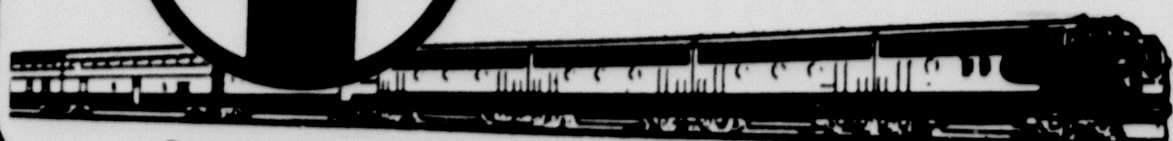

About 40 Rotarians were present at the meeting.

Former Texan Tells Of Alaska Experiences

"Do we ever want to leave Alaska?" Mrs. Charles Richmond repeated after this writer. "Leave--and waste all that experience! There isn't a place we could utilize what we've learned!"

Biggest Texan 'Lives' Along Hereford Highway

Canyon's claim to the biggest Texan--all 47 feet of him--nonchalantly rests at the Corral Curio Shop on the Hereford highway.

The 7-ton Texan has propped his foot on the shop since about the first of June. He is the product of about 10 months of spare-time work by Harry Wheeler, owner of the Corral.

Wheeler's creation is built of cement and steel. The large Texan is dressed in a western shirt and blue jeans.

Wheeler cut from wrapping paper the pattern for the shirt--enlarging an actual pattern seven times. His cutting project took him to the high school gymnasium. An Amarillo firm made the shirt from 127 yards of 31 inch-wide material.

Apparently built as practice for the tall, tall Texan, was a 20-foot man, completed nearly four years ago. The shorter man--once the "big guy" of the area--is made partially of cement. Mrs. Jack Barnard and Mrs. J. W. Hood, both of Canyon, have made clothing for the smaller man. His clothing has been changed only once. Both projects were constructed at the shop. The newer Texan has a chest "expansion" of 47 feet, and his thigh measures 14 1/2 feet. The big man has a surface area of 1440 square feet--equal to the floor space of a six-room house.

Mr. and Mrs. Wheeler have been owners of the Corral for seven years. They are ex-schoolteachers. Wheeler is employed at Amarillo Air Force Base.

Mr. and Mrs. Charles Richmond, both 1954 graduates of West Texas State College, have returned with their children for the past two summers from Alaska. Richmond is attending summer school at WTSC, working toward his master's degree.

Richmond is originally from Huntington, Long Island, New York. He came to Canyon to work on a ranch; stayed, and went to college. Mrs. Richmond (Marguerite) is a graduate of Plainview High School.

The Richmonds moved to Alaska following their graduation from college. They both had dreamily wanted to go to Alaska, so when they saw advertisements declaring a need of teachers in Alaska, they made applications. Both had to meet Civil Service qualifications, as their employer was "Uncle Sam."

First destination of the couple was Unalakleet, an Eskimo village on the Alaskan coast. Mrs. Richmond taught school the first three years they lived in Alaska. She is not teaching now--other than for just a few hours at a time to help out her husband.

Marguerite and Charles have three children: Scott, 7 years old; Shane, 3 years old; and Ruth, 16 months old. Marguerite may have to remain in Texas at her parents' home near Kress to await the birth of a fourth child, as the family is scheduled to leave for Alaska August 19.

Being Alaskans, Shane and Ruth will probably have a sense of superiority over their brother Scott, and the new baby, the Texans of the family.

The Richmonds make their home in a former barracks building, which houses both them and the one-room school. Built upon a hill, the school overlooks the community of "100 happy souls"--as Marguerite puts it.

Northway is about 60 miles from the Canadian border, and is in the interior of Alaska. The community is located on the Alcan Highway, the first station so located for the family. Although this is more con-

venient, Mrs. Richmond declares "It's an expensive difference--we're more tempted to go somewhere than we were when we had to fly out."

Living on the highway prompts Marguerite to say "We're civilized now." A bus deposits mail in the little town about 3 times a week. Although the family is "civilized now," they find it necessary to order a year's supply of groceries at one time. A deep freeze is used to help accommodate the food. Also, the Richmonds are able to secure caribou meat and venison in season.

Marguerite describes the family's quarters (about three rooms) as "cozy--but you don't want a rambling house there--it's too hard to keep warm." The Richmonds use oil for heating and cooking purposes, and have the use of electricity, courtesy of their own light plant.

A Pentecostal Holiness church housed in a small log building, the school, and about 20 log homes make up Northway. Most of the homes are one and two rooms, but a few are larger. The community is populated mostly by the natives. A couple from North Carolina are missionaries with the church.

A "trading post," including the post office, is located about two miles from Northway at the Federal Aeronautics Association "airport." No scheduled flights are made either to or from Northway.

Shane, the couple's three-year-old, has been handicapped by crossed eyes. Several operations have been required to clear up the condition. The family drives to Anchorage for serious medical needs, usually taking an entire weekend for the trip. Medical facilities nearest to Northway are located 190 miles away.

Northway is situated in a valley, about 60 miles from a spot which holds a record for having the coldest weather. Northway itself was down to 68 degrees below freezing two winters ago. Average temperature in the summer is 50-60 degrees, but Mrs. Richmond said that the temperature was 96 degrees when they left June 1.

By the time the family returns to Alaska, the trees will have shed their leaves, and the

air will be nippy. The first snow-fall of the season is usually either the last of October or the first of November. By December, the weather is usually "pretty cold."

Marguerite claims that the "mosquitos are terrible!" Lakes caused by rain are breeding grounds for the insects. As the ground is always frozen, water does not seep into the ground.

The native language is spoken in most of the homes, so the children come to school with only meager English vo-

cabularies. Richmond teaches his classes in English, but the children speak "only enough English at home to pass it on from generation to generation."

Scott can understand the simple or well-known words and phrases of the native language which the children use in the school frequently.

The 30 pupils of the school range from beginners through eighth graders. Only a few will eventually enter a high school, institutions which are "few and far between." The nearest

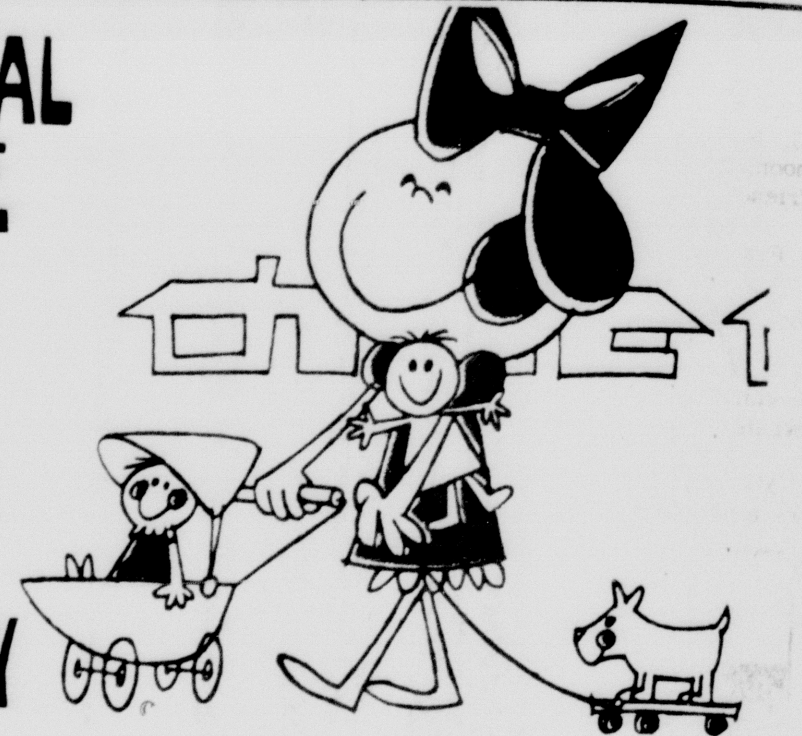

school to Northway is about 14 miles away. "as the crow flies," adds Marguerite.

School is closed occasionally in the winter when the school can't be warmed, but then only for about a half day.

Driving long hours, the family usually takes 8-10 days to drive back to Texas. Richmond estimates the distance is between 3 and 4 thousand miles.

The Richmonds do not at present plan to make the trip back to Texas next summer, but perhaps will return the summer of 1962.

AN IDEAL PLACE TO RAISE A FAMILY

An abundance of play area in safe surroundings is just one reason why National Homes offers so much to the family with young children.

And every National Home in Canyon offers the exclusive "circulating" floor plan, designed to offer the well planned big space you need to make your housekeeping easy and your children happy.

Your choice of 3 or 4 bedrooms with maintenance-free Viking aluminum exterior siding, gutters and downspouts. See the 1960 National Homes now on display at 2517 13th Avenue.

Letter To Editor

Dear Sir:
Much has ALLREADY been said and will be said about the religion of John F. Kennedy in the Presidential Campaign. I feel that much should be said of the religion of Richard M. Nixon. Mr. Nixon is a Quaker. The very fact that in Mr. Nixon's Acceptance Speech he stressed defeat of the Communist by peaceful means is evidence of the pacifist teaching of the Quaker faith. There is nothing wrong with this teaching if all men embrace it but I'm afraid that peaceful means are way that suits the Kremlin best. I am afraid to have a Quaker president in times of stress and strife like the present. How long would a Quaker president hold

back? We have had one Quaker president, Herbert Hoover. I don't want a second one. Also in TODAY'S world even a young president could die so we should if it is important consider the vice presidential candidates religion TO. Despite rumors Lyndon B. Johnson is a member of the Christian Church. As to Henry Cabot Lodge, his religion seems to be a secret. Why? I want a man for president who will fight hard or work hard for what he BELIEVES and wants. I think the records of Sen. Kennedy and Johnson prove they both meet these qualifications. As to civil rights, we ALLREADY know from what he did in Little Rock what we can expect from the Republicans, what could the Democrats do worse?

Sincerely,
H.A. Deaton
Box 494
Vanderbilt, Texas

We were waiting for weather like this -- in February!

Read a good book regularly, even at the risk of straining your mind.

The city youth secured a job for the summer on a farm. The morning after his arrival, promptly at four o'clock, the farmer rapped on his door and told him to get up. The youth protested.

"What for?" he asked, rubbing his eyes.

"Why, we're going to cut oats," replied the farmer.

"Are they wild oats," queried the youth, "that you've got to sneak up on 'em in the dark?"

Fairview Breezes

BY MRS. J. W. WESLEY

Virginia Liston visited in Fairview Thursday evening with a sister-in-law who was visiting relatives there.

Mr. and Mrs. Wylie James and Neal visited Saturday with Mrs. Serena Bryan.

G. E. Wesley is still under the care of a doctor because of a sore throat and infected gums.

Mr. and Mrs. D. K. McGehee and Dwight are vacationing in the mountains of New Mexico.

Brother and Mrs. Charles Pierce and Chuck visited in the G. E. Wesley home Sunday at noon, and also in Canyon with friends.

Frank Rogers visited in Canyon Saturday evening and Sunday.

Virginia Liston was a Saturday evening visitor in the G. E. Wesley home.

Mr. and Mrs. John Patterson were both on the sick list Sun-

day.

Pat Patterson visited in Amarillo during the weekend.

H. R. Stone, formerly of the Fairview community, is critically ill at his home in Happy.

Mrs. Charles Sutton was checked by a doctor Tuesday. She is suffering of high blood pressure.

Ernest Wilson, son of Mr. and Mrs. Charles Wilson, has been under the treatment of a doctor for a badly infected eye.

Mrs. Rayford Shipman was confined to Neblett Hospital in Canyon a few days of last week for observation.

Mr. and Mrs. Charles Sutton plan a trip to Vann, New Mexico, Friday to visit Mr. and Mrs. Johnny Poole.

Three inches of moisture was recorded in the community after the rain Tuesday of last week.

Mrs. Melvin Schaeffer underwent surgery in Northwest Texas Hospital in Amarillo week before last.

Bowie Wesley recently attended rodeos at Clovis, New Mexico, and Dimmitt.

Frank Rogers visited several

Hi-Plains Foundation Slates Field Day

Fourth Annual Field Day of the High Plains Research Foundation will be held Wednesday, September 14 at Halfway, Texas. Frank Moore, president of the foundation announced. Tours of the research plots will start at 1:30 p.m. and continue until 5 p.m. A barbecue will be served all visitors at 6 p.m., followed by an evening program. Visitors will have an opportunity to see the expanded research programs with cotton,

and the new basic plant breeding program with soybeans and sesame. Other points of interest include the new research program on weed elimination with flame cultivation; fertilizer studies with cotton, grain sorghum, and castor beans; variety tests on grain sorghum, soybeans, corn, castor beans, and sesame; and irrigation valuation, water conservation, and the recharge well.

McMurty Acres News

by Ivaloe Fowler

Mr. and Mrs. J. O. (Bill) Moore, Sue and Mike, recently attended a reunion of the J. W. Harvey family at Grapevine.

There were 114 persons present, including all of Mrs. Moore's brothers and sisters who were together for the first time in several years.

Mr. and Mrs. John Bourland visited in Lubbock last weekend with the Wilson Bourland family.

Mr. and Mrs. E. T. McClenny, Mark and Rhenea, spent five days in Albuquerque, New Mexico, with Mrs. McClenny's sister, Mrs. Davidson and family. Rhenea is spending another week and will return home next weekend.

Mr. and Mrs. Grady Yett and Bobby have returned from a 10-day vacation trip through the Arkansas Ozarks. While there, they purchased a 500-acre tract of land located be-

LORENE ADCOCK

ARTHUR L. FUSTON

New Instructors On The WT Campus

Two new faculty members for the School of Business at West Texas State College have been appointed for the 1960-61 session, according to James P. Cornette, president.

They are Mrs. Lorene Adcock of Amarillo, instructor, and Arthur L. Fuston, assistant professor who taught last year at Northwestern Louisiana State College.

Mrs. Adcock, who lives at 4702 Western in Amarillo, holds the B. S. degree from WT. She attended Central State College in Oklahoma, and is now working toward her M.B.A. degree at WT.

A Wellington High School

WARNED!

A woman may put on a golf suit and not go near a golf course. She may put on a bathing suit and not go near the water. But look out, fellas, when she puts on a wedding gown -- she means business.

Two friends went hunting. A big bird flew up in front of them, perched on a tree. One of the men drew a bead and was ready to shoot.

"Don't shoot yet, the gun isn't loaded!"

"Can't help it. The bird won't wait!"

It's thrifty to save GREEN STAMPS

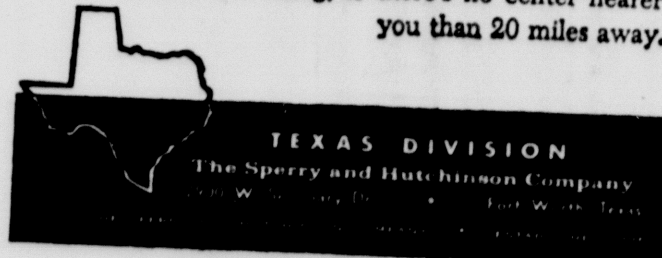

....and lots of fun, too!

Saving for the things you want can be lots of fun, when saving doesn't demand any sacrifice or cut-backs in your budget.

That's why the S & H Green Stamp saving plan is so popular today with 25 million families in this and other states.

Saving S & H Green Stamps doesn't require giving up something else. They're extras that you get when you shop at stores that give them. Actually, they're discounts on your purchases -- the same kind that manufacturers and merchants receive.

With your filled books of S & H Green Stamps, you can get at no added cost any of 1,500 items of distinguished merchandise -- the finest made in America. You'll find them at your nearest S & H Green Stamp Redemption Center. Or order them by mail from the beautiful S & H catalog, if there's no center nearer you than 20 miles away.
